Goal Keeping Academy

Is your child aged between 7 s 14? The Falkirk Football Community Foundation's Goalkeeping Academy could be for them!

Our Goalkeeping Academy programme is delivered in line with our Player Pathway, <https://falkirkfoundation.org/our-pathways/> which allows boys and girls to learn the basic Goalkeeping skills from age 7, in a structured development environment through a variety of ways.

We believe in encouraging learning through football and developing boys and girls through physical activity.

Our Falkirk Goalkeeping Academy offers all interested players the opportunity to:

- improve individual skills and develop as a Goalkeeper.

to learn the basic Goalkeeping skills such as

- handling,
- positioning
- shot stopping.

We firmly believe that the course prepares your child for the next stage of their goalkeeping career.
